

## **INSTRUCTIONS TO BUILD BBQ HUT BENCHES**

**NB:** We recommend you build the benches on a flat and level base.

**STEP 1 & 1a** - Take 2 matching crosses, making sure the screws are to the inside.

**STEP 2** - Trim the cross member with a stanley knife to make it fit into crosses easier.

**STEP 3** - Join crosses with cross member, using a rubber mallet so as not to damage the wood, peg hole should be showing ready for the peg. (3a)

**STEP 4** - putting pegs through holes, lightly tap pegs down to tighten.

**STEP 5** - Place seat onto the cross member, aligning the holes, and fix with screws provided.

**JOB DONE !!!**
